**Special Instructions For General Anesthetic Patients:**

1. Do not take anything to eat or drink 8 hours prior to your surgery; **NO FOOD OR DRINK**, including water. It is extremely dangerous to have anything in your stomach during the anesthetic.
2. You must arrange for someone to drive you home after the surgery and **DO NOT DRIVE** for the remainder of the day. Your driver must come into the office to pick you up.
3. Any unmarried patient under 18 years of age must be accompanied by a parent or guardian at the time of surgery (or have written consent from them at the time of operation).
4. Eat a light, easily digestible meal the night before the operation. Do not drink alcoholic beverages the night before.
5. Wear clothing with sleeves which are easy to push up.
